

# **ThermoGlo**<sup>™</sup> Food Warming

ThermoGlo<sup>TM</sup>

**The Marshall ThermoGlo<sup>TM</sup>** Food Warming Technology radiates uniform heat side to side, end to end, on every square inch of the heating surface. The **ThermoGlo<sup>TM</sup>** is designed with a flat, unbreakable radiating metal face encased in stainless steel housing and delivers a wide range of temperature capabilities to fill exact warming and holding requirements. You identify the required temperature, and then select the heat intensity to furnish that specific temperature using the chart on the right. The **ThermoGlo<sup>TM</sup>** surface has no reflectors, wire guards, nooks or crannies so it wipes completely clean with a moist cloth. The **ThermoGlo<sup>TM</sup>** can be mounted in your pass-through window, dump station, or under an over shelf.

Model #	Size	Weight
500791	10"W x 12"L x 3"H	10 lbs.
500792	10''W x 18''L x 3''H	13 lbs.
500793	10"W x 24"L x 3"H	17 lbs.
500794	10"W x 36"L x 3"H	26 lbs.
500795	10"W x 48"L x 3"H	35 lbs.
500797	10"W x 60"L x 3"H	43 lbs.
500799	10"W x 72"L x 3"H	60 lbs.

All Marshall products are supported by a nationwide service organization and an in-house, full-time Customer Support Department. To place an order, call:

#### 1-800-627-8368

## ETL (US, Canada), NSF & CE Listed FOR COMMERCIAL USE ONLY

\*Ask about Marshall's companion High Speed Toasters, Conveyor Broilers and Ventilation Systems. ThermoGlo<sup>™</sup> has no bulbs, lamps, or tubes that glow hot in a concentrated area, which leads to prolonged element life and provides uniform heat radiation. Food stays "presentation ready" longer because exact internal temperatures can be reached faster and maintained longer.

#### **FEATURES**

- Even heat distribution across the entire ThermoGlo<sup>™</sup> surface means every square inch of surface operates cooler, which lessens oxidation and corrosion, and increases element life.
- Extremely durable metal heating surface is encased in a tough stainless steel housing. There are no fragile exposed bulbs or tubes to chip or break... or fall into food.
- ThermoGlo<sup>TM</sup> carries a full 2-year repair or replacement guarantee.

#### **OPTIONAL**

 Companion light system and switches available. See ThermoGlo<sup>™</sup> Light System and Switch Options spec sheet for details.

TEMPERATURE INTENSITY TABLE DISTANCE FROM HEATED SURFACE TO HEATED OBJECT
